

Clinical Faculty Promotions

Clinical Faculty Promotions are processed by the Department year-round, with files being sent in a batch to the Dean in May each year.

The Department will contact all clinical faculty members in January each year to determine who is interested in being considered for promotion for the following year. When a clinical faculty member expresses interest in being promoted, we will contact their Division Head and Administrator to notify them and to ask the three parties to work on the documentation required for the promotion file.

Each promotion file must be reviewed and voted on by the Department's Academic Appointments, Reappointments, Promotions and Tenure Committee (AARPT) before the file will be sent to the Dean for approval. The Board of Governors will give the final approval on clinical promotions.

For more information on Clinical Faculty Appointments in the UBC Faculty of Medicine, please view: http://www.med.ubc.ca/faculty_staff/clinical_faculty.htm

When a clinical faculty member wishes to apply for promotion, the following must be submitted by [September 30th](#).

Please submit the documentation to:

Divisions: Cardiology, Endocrinology, Geriatrics, HIV/AIDS, Hematology, Palliative Care Allison Lee, Human Resources Assistant Email: allison.lee@ubc.ca Tel: 604-875-5429 Fax: 604-875-4886
